

Ballynatray Estate is a 15-20minute from Ballymaloe. It is a very beautiful farm, mostly organic, by the beautiful river Blackwater. Our visitors staying at Ballymaloe House have been so delighted with the simulated game shooting – the perfect activity for stag parties, birthdays and family or corporate groups and thanks to the wonderful game keepers and instructors ladies also can enjoy this activity. Members of the party who prefer a more gentle activity can walk through the estate and gardens. On request the chef at Ballynatray will prepare a perfect lunch using the organic food provided from the estate , game being their speciality. The activities are numerous to include watersports, fishing and shooting
The accommodation on the estate ranges from the romantic boathouse and cottage , known as The Love Nest to luxury rooms in the main house. The cottages can be rented on a self catering basis – we like to recommend these to our brides and grooms following the hectic few days over their wedding with us.
